**Subject:** SCHEDULE RE: Final SNUR Rule Package  
**Attachments:** Asbestos SNUR Schedule 20190328.xlsx

Hans- attached is a revised schedule that has signature/prepublication posting occurring 4/15. If more time is needed for reviews or addressing OCSPP IO comments, the date could be pushed back to another day that week. Do we know for sure that Jeff is signing or might it be Alex or a DAA? Also I let RICS know that you'd be circling back with them as appropriate on schedule/next steps.

Let us know if you want to discuss the schedule before sending on.

Erik

I just got a call from Mary, and Nancy is currently looking at it, so there has been a "start".

I don't have a sense that they have begun reviewing in earnest I can't say for sure. We need to provide them incentive by showing them in a schedule when they need to conclude by in order to make the week of 4-15. Build in the assumptions you think are appropriate, I'm happy to chat about this if you want. I realize it is somewhat dependent on how many comments they have.

Also Hans, do you know if the AA/DAA's have started to review the package as it's my understanding they received it Mon or Tues. If not begun their review then it will affect the schedule revision.

We'll update the previous one and send. But any specific day they want or plan for 4/15?

Hi Erik,

Do you all have a schedule for this to include AA review? OCSPP IO is asking about coordinating their review and when they need to conclude their review in order to publish (sign?) this in the week of 4/15. Can you please share a schedule with AA review if you already have or we can discuss the timing and decide how to respond. We should also coordinate our response with RICS which I'm happy to facilitate.

Thanks,  
Hans

**Subject:** Final SNUR Rule Package

**Importance:** High

Susanna- As discussed, please find the draft final asbestos SNUR package files attached. OGC has concurred at the staff level but will need OGC management review before final OGC concurrence.

In these versions of the FRN and RTC we have flagged a few items we would like the OPPT IO to focus on. We will assemble the hard copy rule package as discussed after initial comments. We will also work with RCS to get the FRN document prepared at that time. The current schedule has the FRN signed the end of this month and the FRN published the end of April.

Best,

-Robert
